

Products – DT Trainer – Home Purchasing Options

*These prices are for US residents only. For information on international orders please visit our [international customers](#) page.

The DT Trainer is a large package with hundreds of content programs and reinforcers. Our pricing goal is to be affordable, but charging a sufficient price to provide the revenue to continue to expand the product. Our Standard Bundles come with a year of Maintenance & Upgrades which is the continued expansion of the product.

Home Purchasing Options

DT Trainer – Standard Home Bundle (\$149 + S&H) ([Purchase Online](#))

The Standard Home Bundle includes a permanent license to use the Discrete Trial Trainer software, an electronic User's Guide, and includes the first year of Maintenance and Upgrades (M&U) and Technical/Instructional Support.

DT Trainer – Home Continuation Bundle (\$74) ([Purchase Online](#))

The Home Continuation Bundle is an additional year of Maintenance & Upgrades (M&U) and Support by phone or email. This bundle not only includes the new features, functionality, and bug fixes for the software, but also includes additional content programs and reinforcers. You must have first purchased the Standard Home Bundle which covers the first year of M&U and Support and must be purchased back to back without lapse. The Home Continuation Bundle allows you to keep your software updated over years of use.

DT Trainer – One Year Subscription (\$74 + S&H) ([Purchase Online](#))

The One Year Subscription includes the full Discrete Trial Trainer software, useable for one year, an electronic User's Guide, and support by phone and email. Note: You do not need a subscription if you get the Standard Home Bundle.

Standard Home Bundles Include:

- DT Trainer License (Single Computer)
- Maintenance & Upgrades (M&U)* – 1 year
- Digital Training Videos
- Administrator Standard Support** – 1 year
- Technical/Instructional Support*** – 1 year

Shipping and Handling \$5 per bundle to a home customer

Power Packs

By purchasing the power pack you will receive a 20% discount on both the DT Trainer and Activity Trainer. Your student or child will be able to benefit greatly by utilizing both of these products.

** M&U is an extraordinarily valuable item. This not only includes the new features, functionality, and bug fixes for the software, but also includes additional content programs and reinforcers. The DT Trainer is a large package, and the M&U allows you to stay current with the growth of the package.*

*** Administrator Standard Support is provided by email and phone and covers the use of the DT Trainer with students. For home customers, Administrator support is provided through a parent or designated representative.*

**** Tech Support is provided by email and phone to the parent or designated representative for home customers.*

One year of M&U, Administrator Support, and Tech Support comes with the standard bundles. AES offers continuation bundles for subsequent years if desired.
